AMENDMENT & RESPONSE UNDER 37 C.F.R. §1.111

Dear Sir:

REMARKS/ARGUMENTS

This supplemental response is provided in response to the Office Communication mailed September 10, 2009 (hereinafter the "Office Communication").

In the Office Communication, the Examiner states that Applicant "contrarily deliberately presented narrow independent claims dated 5/14/2009 over arts rejections with limitations that were not in fact present in the claims 8-10 dated 7/15/2008." The Examiner first references an amendment made to claim 15 in a response to the Office Action dated January 30, 2009 (hereinafter "Office Action"). The amendment to claim 15 recites, among other things, "periodically update the location bookmark in response to a relative position of the mobile terminal." While the Examiner is correct that this language was not used in claims 8-10, the Applicants contest the Examiner's allegation that "applicant's intentionally provided the amended claims with additional limitations that were never examined before."
